HOW TO GUIDE: Paper Flags

FLAG IT UP PORTLAND

Weave these strips into your "loom" rectangle. Weave under, over, under, over...

Glue the ends down.
! If the first strip started "under", the next starts "over"...

Fold a separate piece of paper into a 1cm wide strip. Tape and cut into 10cm lengths

Fold strip into a loop & staple these in place to form hanging loops.

TOP TIP: Why not paint the paper and cut out letters; to decorate! Or paint the paper before cutting and weaving your flag!
